

It's what you don't see that makes the biggest difference. The New Wireless IntelliMouse Explorer.

With more advanced technology, it's the mouse of your future.

The Reinvented Wheel

New tilt wheel technology lets you scroll up, down and now side-to-side. And the smooth action of the wheel speeds up with you, through your documents and the Web.

Longer Battery Life

Now you can count on superior, clutter free, wireless performance with improved battery life. We're talking six months instead of six weeks.

More Style

Choose a color or finish that's more your style, like metallic red or platinum, all with advanced ergonomics and no wires to clutter your desktop.

Optical Technology

No more ball to collect dust and get stuck. High performance optical technology delivers greater accuracy and control.
